

Suppl. Figures

Suppl. Figure 1: Fraction of commodity group consumed in each processing form, based on mean per-capita consumption (see suppl. Table 2 for fresh data).

Suppl. Figure 2: Serving size distributions among consumers for commodities in all food forms (black), fresh (grew circles) and as heat-treated (grey triangles) foods. Medians, 25th and 50th percentiles are shown (see Suppl. Tables 3 - 5 for raw data)
